

MUHS TECHNOLOGY ACCEPTABLE USE

The use of instructional technology, including information retrieval systems, at school is a privilege, not a right. Activities while using technology must be in support of education and research, and consistent with the objectives of the Mingus Union High School curriculum standard, conduction standards, and outcomes.

The school district reserves the right to monitor all use of technology systems. The district may, at its discretion, review any and all technology systems, including computing devices, and files, accessed by users. Such monitoring may be conducted without notice. It is expected that students will comply with the following rules:

| | |
|---|--|
| <ul style="list-style-type: none"> • Students will treat the computing equipment with great care and not cause physical damage to either computing device or any part of the information system. If a student purposefully or accidentally causes damage or vandalism, full responsibility of the cost associated with replacing or replacing the device or information system bore by the student and or parent or guardian. • Students will protect account numbers and/or passwords. Sharing or using someone else's account number or password is strictly prohibited. • Students will not trespass in folders not authorized to users. • Student will not use technology systems for personal or private business, for product advertisement or political lobbying or for incurring financial commitments over the internal or external network. • Student will not intentionally waste resources playing internet games, using chat rooms, etc. | <ul style="list-style-type: none"> • Students will not reveal any personal, confidential, or private information about themselves or another individual such as home address, phone number, etc. • Students will not use technology to disrupt the activity of others, to harass or discriminate against others, to gain unauthorized access to computer systems or programs, or to initiate any type of virus in any computer system or program. • Students will not violate any federal or state copyright or unfair trade law. • Students will not use profanity, obscenity, discriminatory language, vulgarities and other inappropriate language, sexually suggestive content, graphics or sounds. • Students will not agree to meet with someone they have met online without parental approval. • Students will promptly disclose to their teacher or another school employee any message they receive that is inappropriate or makes the user feel uncomfortable. • Students will not conduct any activity that exposes the District to litigation or expenses. |

As a parent or guardian of this student, I have read the above policies. I understand that the purpose of access to the computers and internet is for educational purposes. I also recognize that MUHS may not be able to restrict access to all controversial materials. I will not hold them responsible for materials my son or daughter acquires while using the school computers. I give my permission for my child to access the Internet on the school computers.
