

JR Pooler Legacy Scholarship

JR Pooler

This scholarship is to remember JR Pooler and his true passion, the competitive swimming world. This scholarship is to award a dedicated Cottonwood Clipper swim athlete that lives their life as JR Pooler did – full of service, commitment and success.

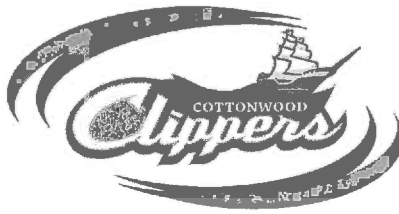

Both of JR's children were involved in USA Swimming from a young age. He decided that instead of sitting and watching his kids swim, he wanted to be involved. This started his journey into the world of officiating for USA Swimming. JR had the opportunity to officiate nationally, including several Olympic trials and internationally with national teams travelling abroad.

He became known for his immense knowledge of the sport, equipment maintenance, pool design and was instrumental in transforming officiating in the state of Arizona.

JR was a teacher, mentor and friend to swimmers, coaches and officials. After retiring from officiating, a great point of pride for him was serving as the Team Manager for the Mingus Union High School and Cottonwood Clippers swim teams for several years.

He was always the first one to every practice and the last one closing up. His heart for the sport and his love for the athletes will have a lasting impact. His legacy will be carried on by those whose lives he touched. This scholarship is to honor JR's legacy of passion, service and commitment to the sport of swimming.

JR Pooler Legacy Scholarship
